## Martin McCarthy

---

The original artwork for the 2016 Melissa's Road Race shirt was created by Martin McCarthy.

Originally from Maidstone, Ontario, Martin has been a full time resident of Banff since 2006, working in the sheet metal industry.

His paintings have been inspired by the mountains of the Banff and Lake Louise area and feature the gorgeous skylines of either sunrise or sunset. This year's shirt will feature one of our iconic peaks that has never graced a Melissa's shirt in the past.
